Low-cost pallet truck... High quality construction

Top quality doesn't need to come at a high price. Our low-cost hand pallet trucks give you everything you need to do the job – plus a whole lot more. Built to the standards you'd expect from a world-leading manufacturer, these hard-wearing trucks are engineered for maximum strength and durability. Low-maintenance features, such as the quick-fit steer wheel and self-lubricating components, reduce downtime. And, like every truck

bearing the Mitsubishi Forklift Trucks name, every hand pallet truck is supplied with the full parts backup you need to keep your truck (and your business) in action for the long-term.

Like every Mitsubishi model, we offer a wide range fork dimensions and specialist wheels – including tandem load and steer wheels - are available to suit your application.

Frame and body

- **Strong chassis** gives operator confidence in any application.
- **Steel entry brackets** offer exceptional durability in all working conditions.
- **Low centre of gravity** adds further stability, for safer operation.
- **Compact design** combined with a 210-degree steering angle gives maximum manoeuvrability.

Controlled lowering valve

Smooth wheels

Effortless lift

Forks

- **Mounted rollers on fork tips** allow effortless entry and exit to and from pallets.

Hydraulics

- **Overload bypass valve** minimises damage from excess weight for long truck life.
- **Lowering valve** restricts the rate of descent, to prevent load damage.
- **Reliable leak-proof hydraulic system** reduces need for unplanned maintenance.

Operator environment and controls

- **Ergonomic rubber handle** offers comfort, safety and high productivity.
- **Three-position lever** automatically returns to a neutral setting when not in use, to reduce operator fatigue.
- **Low ground clearance** (just 40mm) minimises risk of foot trapping.

Other features

- **Easy-fit steering wheel** allows for quick replacement.
- **Effortless lift action** requires just 10 strokes to reach full height.

Options

- **Ergonomic nylon and Polyurethane steering wheel**
- **Tandem load wheels**
- **Choice of drive and load wheels for different applications**
- **Wide variety of fork dimensions**
